

# SWINE FLU OUTBREAK IS HERE!

## FOAM HAND CLEANER DISPENSING SYSTEM

Luxurious foam hand cleaners in a versatile, leakproof dispenser.

### The Foam Dispensing System from Mada Medical features:

**Upper Push-Pad Placement...** features a large, easy-to-push pad located at the top rather than the bottom of the dispenser. The push pad placement lets users see the amount of product being dispensed into their hand, thus reducing waste caused by over-dispensing.

**ADA Compliant...** requiring one hand and less than 5 lbs. of pressure to dispense product.

**Dynamic Design...** smooth contemporary lines, textured non-glaring surface, durable ABS plastic, optimum color choices, and a "footprint" that is similar to most bag-in-box dispensers.

**Large View Window...** the multi-purpose view window makes it simple to monitor the soap level.

### Guaranteed Leakproof

By placing the dispenser pump at the top of the dispenser rather than the bottom, the risk of leaking at the valve is eliminated.

### Keyed Locking Option

For added security, dispensers feature a keyed locking option.

### Multi-Lingual Packaging

Each bag of product is individually labeled in English and Spanish.

### Foaming Antibacterial Moisture Wash

*moisturizes as it cleans*

- Rose Color
